 Week 8, Term 1

## Have a SAFE and HAPPY EASTER

Our school term has continued to be busy and energizing. Not only have we been focusing on our English and Maths blocks and sorting students into the best group to build their skills we have continued to welcome new students and families to our school. Yard play has been more settled but we have had to remind children about the chasey game and to stop grabbing at children's clothing.

Students are looking great in their new uniform and we are very keen to see all of our students wearing them every day! Have a look at this class!

See the children who received an attendance award in week four and last week we almost had 100% of children get their award. Children can convert their award to a free lunch.

We wish everybody a safe and Happy Easter. Please enjoy the time with your families and return ready for learning next Tuesday. Miss Leonie and staff.
